#### Introduction

Welcome to ICAP Securities & Derivatives Exchange ("**ISDX**"), a recognised investment exchange based in the City of London.

The ISDX Growth Market is a primary market with a regulatory environment designed to meet the needs of small and mid-\_cap issuers wishing to obtain a quotation on a public market to access growth capital. The ISDX Growth Market is not an EU Regulated Market ("Regulated Market") and securities admitted to trading on the ISDX Growth Market are unlisted securities. ISDX also operates the ISDX Main Board, a Regulated Market for officially listed securities regulated by the FCA or another EU Competent Authority and subject to the ISDX Main Board - Admission and Disclosure Standards, which are reproduced at www.isdx.com.

These ISDX Growth Market - Rules for Issuers (the "Rules") set out the **admission** and disclosure responsibilities of companies admitted on the ISDX Growth Market. Designed to be straightforward to administer and comply with, the Rules are dovetailed to the needs of smaller public companies seeking to raise principally equity finance or as a destination for acquisitions.

Public companies (or equivalent) from all sectors and countries are eligible for **admission** to the **ISDX Growth Market** conditional on **ISDX** approving an **issuer's** application for **admission** either on the basis of a published **admission document** or prospectus, or in accordance with the **fast-track admission procedure** with respect to issuers from **Qualifying Markets**.

The **Rules** create binding obligations on **issuers**. Accordingly **ISDX** may impose disciplinary sanctions in cases of breach.

Guidance Notes are not binding in their own right but have interpretative and explanatory value in relation to a **Rule**. Guidance Notes may specify practices tending to establish compliance with a **Rule**. Guidance Notes are intended to address particular aspects of a particular **Rule** rather than to be an exhaustive description of an **issuer**'s obligations.

Part 1: Applications for Admission to the ISDX Growth Market

#### **Requirement for ISDX Corporate Adviser**

1. An **issuer** must appoint an **ISDX Corporate Adviser** to apply for **admission** to the **ISDX Growth Market**.

### **Eligibility Criteria**

- 2. To be eligible for admission to the ISDX Growth Market, an issuer must:
  - a) be lawfully incorporated;
  - b) be a public limited company or have equivalent status or comparable obligations if incorporated in jurisdictions outside the UK;
  - c) ensure that its **securities** have been allotted, rank *pari passu* and are freely transferable; and
  - d) have made appropriate arrangements for the electronic settlement of transactions in its securities and to ensure that such securities are represented in electronic book-entry form in a central securities depository.

Unsponsored depository receipts or cash shells are not eligible for admission.

Guidar	nce Notes on Rule 2	
<u>2.1.a)</u>	<b>Rule</b> 2 b) in the case of <b>issuers</b> incorporated in jurisdictions outside the UK, <b>ISDX</b> will have regard to the provisions of the <b>issuer</b> 's constitution in addition to its responsibilities under domestic legislation in assessing whether its obligations are comparable to those for a UK public limited company. <b>ISDX</b> will usually require existing shareholders' rights of pre-emption and the provisions for dis- applying such pre-emption rights to be comparable to those for a UK public limited company. Notwithstanding any resolution of the company permitting the allotment of <b>shares</b> other than on a pre-emptive basis, <b>ISDX</b> will usually consider such a power to be inappropriate if shareholders existing at the time of <b>admission</b> have not previously been consulted at the time the resolution was approved and the resolution permits the allotment on a non pre-emptive basis in an amount of shares exceeding 15 per cent of issued share capital upon <b>admission</b> .	Formatted: Bullets and Numbering
<u>2.2.b)</u>	<b>Rule</b> 2 c): the reference to due allotment under this <b>Rule</b> includes allotment on a provisional basis such as nil paid rights. As to unconditional allotment, see <b>Rule</b> $0^{24}$ .	
<del>2.3.<u>c)</u></del>	<b>Rule</b> 2 d): <b>ISDX</b> may in certain circumstances permit restrictions on the transfer of <b>securities</b> , such as where the law of a particular country requires it (e.g. <b>securities</b> issued under Regulation S of the US Securities Act 1933).	
<del>2.4.<u>d)</u></del>	<b>Rule</b> 2 d): an <b>issuer</b> should ensure that its Articles of Association or other appropriate constitutional document permit the holding of its <b>securities</b> in uncertificated form. A procedure for UK <b>issuers</b> exists under the Uncertificated Securities Regulations 2001 (SI 3755/2001). <b>ISDX</b> may permit the use of any electronic system which will facilitate the efficient and expeditious settlement of <b>ISDX</b> transactions. In exceptional circumstances, ISDX may permit residual settlement. Article 3(2) of the Central Securities Depositories Regulation (Regulation 909/2014) imposes a mandatory requirement that where transactions in transferable securities take place on a trading venue, the relevant securities should be represented in electronic book-entry form in a central securities depository.	

### **Equity Securities**

3. An issuer (other than an **investment vehicle** or **REIT**) is required to ensure a minimum of ten per cent of shares in public hands as a percentage of issued share capital on admission. In the event that an **issuer** does not meet this requirement it may be required as a condition of admission to conduct a subscription for shares

in cash upon, or immediately preceding admission to ensure that a minimum of £250,000 (or currency equivalent) of shares are shares in public hands.

4. In addition to the requirements of paragraphs 35 and 36 of Appendix 1, an **issuer** (other than an **investment vehicle** or **REIT**) must have published or filed audited financial statements covering a 12 month period in order to demonstrate that it has at least a year's trading history.

#### Guidance Notes on Rules 3 and 4

4.1.a) A **REIT** is expected to comply with Part 12 of the Corporation Tax Act 2010 and ensure a reasonable expectation of appropriate liquidity.

- 4.2.b) In the case that an issuer does not meet the 10 per cent free float minimum ISDX can exercise discretion on a case by case basis where it is satisfied that the protection of investors' interests and the integrity of the ISDX Growth Market will not be adversely affected.
- 4.3.c) In the event an **issuer** is unable to comply with the requirements of **Rule** 4, in exceptional circumstances and in its absolute discretion, **ISDX** may grant a derogation from this requirement where it is satisfied that the protection of investors' interests and the integrity of the **ISDX Growth Market** will not be adversely affected.
- 4.4.d) In cases of uncertainty an issuer should refer to ISDX for guidance.
- 5. As a condition of **admission** an **investment vehicle** is required to raise a minimum of £500,000 (or currency equivalent) via a subscription for **securities** in cash upon, or immediately preceding **admission**.

#### Guidance Note on Rule 5

5.1. The figure of £500,000 is to be calculated net of the expenses associated with **admission** and the associated fundraising.

In addition such document must contain the information prescribed by paragraph 2 of Appendix 1.
- 10. An **issuer** must ensure that an **admission document** or prospectus remains publicly available for at least one month following **admission**.

Guidance	<b>NoteNotes</b>	on Rule 3232

- a) Information which a reasonable investor would be likely to use as part of the basis of an investment decision must be **announced** under this **Rule**. An **issuer** should take reasonable steps to monitor its financial position and performance in relation to any estimate, projection or forecast made public on its behalf, such that any material departure can be **announced** promptly.
- 32.1.b) Rule 32 does not replicate MAR disclosure obligations and compliance with MAR does not mean that an issuer will have satisfied its obligations under the Rules and vice versa. An **issuer** may disclose such information to its advisers, lenders, persons with whom it is negotiating (including underwriters or placees), and employee representatives provided such persons owe a duty of confidentiality and agree not to **deal** in the **issuer**'s **securities** prior to the release of an **announcement**.

The DTR is set and administered by the FCA to whom any queries should be addressed on +44(0)20 7066 1000. All announcements should be made via an RIS.
- 42.2.b) The disclosure obligations of **issuers** under **Rule** <u>4242</u> reflect the wider regulatory responsibilities of UK **issuers** under paragraphs 5.5.1 (re-purchase of own **shares**) and 5.8.12 (publication of major shareholdings) of the **DTR**, with which the applicable **ISDX** requirements should be interpreted consistently and which take precedence. **Issuers** should note that **announcements** should be made as soon as possible following receipt of a notification.
- 42.3.c) **Issuers** incorporated outside the UK whose domestic legislation permits or requires disclosure of equivalent shareholder information should **announce** such information as soon as reasonably practicable and in accordance with local laws and regulations.
- 42.4.d) It should be noted that positions below the ten per cent threshold held by a market maker in an ISDX security are exempt from the notification obligations of the DTR, subject to certain additional requirements (set out fully in paragraph 5.1.4 of the DTR).
